

Protect
**NATURE
TOGETHER**

**GIFT
YOUR
SUPPORT**

HOW YOU CAN SUPPORT:

**Personal
Gifting**

1

You can personally gift a donation through our website, or consider us in your will.

Volunteer

2

You can share the gift of time or skills by supporting a local volunteer group.

**Corporate
Investment**

3

Your business can invest in a local conservation or project and grow connections in your community.

Your gift can help preserve nature in the Bay of Plenty

HOW YOUR CONTRIBUTION MAKES A DIFFERENCE

Add impact through Bay Conservation Alliance

Bay Conservation Alliances (BCA) role is to: 'support and grow the capability and impact of our communities and partners, to restore and preserve natural ecosystems and indigenous biodiversity.'

What this looks like:

- Supporting over 33 community-led conservation groups across the Bay of Plenty.
- Inspiring over 2000 school students each year and equipping them with conservation skills.
- Working alongside iwi, agencies and industry leaders.
- Celebrating the volunteer contributions and project successes. (Scan magazine QR code at bottom of page to find out more.)
- Working towards larger landscape scale projects.

Why personal gifting or corporate investment matters

EVERY DONATION:

- Helps protect endangered species.
- Supports restoration of natural habitats.
- Empowers local communities to lead restoration projects.

By making a one-off or regular donation, you make a lasting impact. All donations to BCA go into our SEED fund which is made available to our member group projects. www.bayconservation.nz/donations

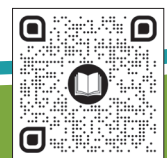

Or you may choose to leave a legacy in your will. To find out more about leaving a legacy to Bay Conservation Alliance please contact us or go to www.acornfoundation.org.nz search for 'Bay Conservation Alliance'

Why volunteering matters

Many community projects need volunteer support and various skills for both the field and the project administration. This is a great way to meet like minded people and make new friends, whilst supporting a good cause. Visit our website: www.bayconservation.nz or scan the code below to read our magazine for information on local groups to volunteer with or support.

TOGETHER, WE CAN ENSURE NATURE thrives or future generations!
